Re: Amateur Radio License K6BZT
Warning Notice
EB-FIELDNER-12-00004698

Dear Mr. Jolly:

The trustee of KE6RRI has requested, both via written letter and verbal requests on air that you refrain from use of her repeater. These requests were issued as a result of your failure to follow operational rules set forth by the licensee/control operators of the repeater system for their users. On October 4, 2012, you were again heard on the KE6RRI repeater necessitating the request of the repeater owner for Commission intervention.

The Commission requires that repeaters be under the supervision of a control operator and not only expects, but requires, that such control operators be responsible for the proper operation of the repeater system. Control operators may take whatever steps they deem appropriate to ensure compliance with the repeater rules, including limiting the repeater use to certain users, converting the repeater to a closed repeater or taking it off the air entirely.

Please be advised that the Commission expects you to abide by the request of the control operator that you stay off of KE6RRI – and any other similar requests to cease operations on any other repeaters by any other repeater licensees, control operators or trustees.

Use of KE6RRI again after receipt of this letter could subject you to severe penalties, including license revocation, monetary forfeiture (fine)¹ or a modification proceeding to restrict the frequencies upon which you may operate.

Sincerely,

Laura L. Smith, Esq.
